

Lead Blockchain Officer (all genders) part time (24 hours/week)

Expected start date: 01.10.2021 or by arrangement

The Fab City Hamburg e.V.

Together with an international network the **Fab City Hamburg Association** is developing the physical and digital infrastructure for the “manufacturing of the future”. To accompany this exciting process, we are hiring a **Lead Blockchain Officer** as support for the EU-funded project “INTERFACER”, which is developing the digital infrastructure for the circular economy of the future. Our aim: to position the Fab City Hamburg e.V. as provider for the infrastructure of the global Fab-City-Network. To reach that aim we are working in an interdisciplinary environment in cooperation with university establishments, software developers, engineers and internationally renowned experts.

We are looking for an experienced hire in leading the development of our initial 'crypto stack' including:

- ❖ Monetising ideas
- ❖ Governance tools
- ❖ Integrations with wallets, external exchanges
- ❖ Protocol choices

Key requirements:

- ❖ Tokenomics design
- ❖ Good work ethics and
- ❖ Experience/Familiarity with NFTs, social tokens, cryptocurrencies

Desirable:

- ❖ Ambition, drive and willingness to work for the social good
- ❖ Vision to what the future of production might look like in the distant future
- ❖ Experience with whitepapers
- ❖ Some solidity experience; other blockchain stacks welcome

We are offering a great team of **open-minded colleagues**, an **attractive salary**, **remote friendly**, **flexible worktime** with occasional visits to the office for a good **work-life balance** and the ability to influence how the future of the Fab Cities might look like.

If you're interested in working with us, we look forward to receiving your application. Severely disabled applicants with equal qualification will be given particular consideration.
